OUR STORY

Future Projects (FP) is Qatari Limited Liability Company (LLC) founded in 2012. Our wide range of products and services help us to provide complete turn-key solutions to five major divisions of contract projects market: Hospitality, Medical, Education, Residential and Commercial. Future Projects is also in partnership with Interprogetti; a European company that specializes in fit-out for the retail and consumer sectors.

Most recently, Future Projects has also launched a 3,000 sqm state of the art Joinery Manufacturing facility under the brand name Modern Timber Industries (MTI) which specializes in wood work services for different requirements such as retail shops, commercial and residential spaces, exhibition stands, galleries, ceilings, claddings, counters and glass display cabinets etc.

Future Projects has liaised with other world-renowned brands and manufacturers of furniture and lighting products as well. The company has expertise, experience and knowledge of the Qatari market and has successfully designed and implemented several projects for both local and multinational organizations.

From office tables and chairs to filing cabinets and from wall partitions to lighting systems, the Future Projects team is ready to offer you the best solutions to satisfy all your interior design and furniture needs.

WHAT WE DO

CONSULTING

Engage the Future Projects team before you even consider a move to a new location, so we can adapt to your needs and offer you design, space-planning and furnishing solutions that work for you most efficiently.

PROJECT MANAGEMENT

Future Projects project management service encompasses every step of the often-complicated process involved in design, construction and renovation. We listen to your needs and manage the project from the first meeting right through to the final product.

DESIGN SERVICES

Great design encourages thought collaboration and increases productivity. Our in-house design team provides bespoke services working with you to meet your needs including space planning with detailed layouts, 3D drawings and presentations, culminating in the results you want.

CUSTOM MANUFACTURING

Future Projects can bring to realization our clients' vision in the truest form by designing and manufacturing all wood work elements in-house. Our team will work closely with you from the initial planning and layout stages to the very end of the manufacturing, installation and execution of the products.

HOSPITALITY

We are conscious of the reality that the hospitality sector offers the opportunity for people to socialize in comfort and style. Hospitality furniture is a key contributor to the ambience needed to socialize in comfort. At Future projects, we recognize the importance of ensuring that your hotel, restaurant and café furniture are thematic, attractive, durable and competitively priced.

HEALTHCARE

Visitors who enter your healthcare facility may be experiencing a range of emotions, from nervousness to joy. The impression your reception area creates plays a role in assuring patients, families, and friends of the importance you place on their experiences. At Future Projects we design patient-focused units that turn your room into a relaxing and rejuvenating experience.

EDUCATION

A combination of student- team cohesion, flexibility, intellectual agility and physical safety of pupils and students underpin school furniture concept. Research has proven that real knowledge absorption by the human mind can only happen when the body is at most ease.

We are equipped with this knowledge and skills to offer you the 21st century furniture for your educational institution.

RESIDENTIAL

At Future Projects, we are passionate about working with you to determine the most appropriate designs and materials for your residential furniture needs. With the help of our interior design and crafts teams, our customers are not only able to fulfil the vital aspect of their home décor needs but also express their style as best as possible. After all, home is where the heart is.

COMMERCIAL

Whether you are furnishing your new office or renewing your old furniture and fittings, our designers will help you discover what your business needs in a space and get it right. We ensure that your office furniture configuration is created to promote efficiency, team spirit, comfort and concentration in your workplace. From design conceptualization, ordering and installation our team will be with you every step of the way.

GRAVITY DESIGN

Based in Istanbul and New York, GRAVITY is a multi-disciplinary design studio with a global reach that delivers creative solutions with tangible results for global brands and retailers. As an award-winning design studio, Gravity's goal is to help companies connect with their customers through exceptional products and inspiring environments.

The recent partnership with Future Projects, furthers Gravity's ambition of providing world renowned design solutions to Qatar. From product to interior design and production to implementation, Future Projects aims to provide an end-to-end service that make an impact on your brand's story.
